

Wiiibox.COM

WIIIBOXX FDM 3D PRINTER

Certified Supplier of Massachusetts Institute of Technology (MIT)
Certified Supplier of China's 180 Key Universities Including Tsinghua University & Peking University
Certified Supplier of China's 510 Primary & Secondary Schools
Certified Supplier of Samsung, P&G, HCG, Giant, CCAG and etc.

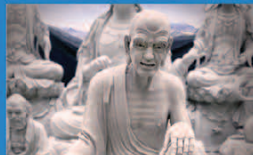

Application Fields

Wiiibox 3D Printers are widely used in industrial, medical, education, art design, relics & archaeology fields and especially suitable for teaching application, sample production and art design & production.

Aerospace

Cultural Relic Preservation

Reversal Design

Fashion Design

Motor Traffic

Medical Instruments

Industrial Design

STEAM Education

Advantages

-  Air Filtration Module
-  Super Large Print Size
-  Filament Alarm
-  WIFI Module Support APP Connection
-  Wrapping Alarm
-  0.05-0.1mm Print Precision
-  70 Auto Build Plate Leveling
-  Color Touch Screen
-  Print from break-point
-  Video Monitoring

Parameters

Notice: The parameters below are only for your reference.
